# COMMITTED TO TRADITION

---

As a family-owned business now in its 3rd generation, we have a tradition of thinking long-term. We believe that is the only way to create something of substance and value – or in other words, quality – and to pass that on into the hands of the next generation. In doing this, it is crucial that we bring about a perceptible improvement for you, as a user, through our power to innovate and ambition to be a leader in our field – in terms of performance and user-friendliness, for example.

We stand behind this tradition in every single one of our products. Everything about a STIHL tool is conceived in such a way that it can become an heirloom: the starting materials, technical construction, design, and manufacturing. One facet of this, and a factor that has always been of exceptional importance to us, is the enduring reparability of our products. With our long-term spare parts guarantee, we make sure STIHL dealers can support you as a customer, by returning our products to the top condition that you need to complete your tasks with ease. That's what "STIHL quality" is to us. It means sustainability in the best sense. After all, making products long-lasting and repairable is the best possible way to protect our resources. And that is becoming increasingly important to you as a customer, as well as to us as a company.

From this perspective, quality, innovative strength and sustainability belong together, and are a matter of tradition in the STIHL house – as has been the case for almost a hundred years.

# 2023 WARRANTY POLICY

GENERAL NOTICE **3**

STIHL's Limited Warranty applies only to the **original owner** of the unit and is non-transferable. The following respective warranty periods apply to STIHL products:

	HOMEOWNER WARRANTY	PROFESSIONAL WARRANTY
<b>LITHIUM-ION BATTERY TOOLS</b>		
AS SYSTEM	3 YEAR	2 YEAR
AI LINE	3 YEAR	NOT APPLICABLE
AK SYSTEM	3 YEAR	2 YEAR
AP/AR SYSTEM	3 YEAR	2 YEAR
<small>All top-handle MSA chain saws and all TSA models are not eligible for the homeowner warranty</small>		
<b>ELECTRIC POWERED TOOLS</b>	2 YEAR	1 YEAR
<b>KM ATTACHMENTS</b> (with bill of sale)	2 YEAR	1 YEAR

## COMPLETE YOUR WARRANTY REGISTRATION

Please scan or visit [www.stihlregistrations.ca](http://www.stihlregistrations.ca) to complete your product warranty registration.

### GENERAL NOTICE

1. This catalogue is valid as of January 1, 2023.
2. This catalogue renders all previous catalogues invalid.
3. No claims can be made based on the specifications and images in this catalogue. The design, technology, colours and features are subject to change without prior notice.
4. The brief descriptions and recommended uses of the various products provide a quick overview of the complete range, while the technical specifications help to find the machine that meets your needs.
5. Although the STIHL range shown in this catalogue is in line with the market requirements for Canada, STIHL Limited is not responsible for any model or product specifications that might change throughout the year. Some products may not be exactly as shown in the photos.
6. This catalogue and all its contents are copyright protected. All rights are reserved, particularly alteration, translation and reproduction with electronic systems.

This catalogue contains numerous combinations of tools and accessories designed for different applications and different kinds of users. For normal applications, we endorse the use of STIHL recommended combinations. These can be found in your operator's manual. STIHL Dealers can provide you with individual advice regarding the best combination to suit your needs.

STIHL products are regularly tested by German and international institutions. STIHL participates in these tests and inspections because they are considered to be the logical continuation of STIHL's own test programs and because STIHL attaches great importance to the findings of these independent institutions – particularly in the interests of STIHL customers. These institutions award test marks confirming the high quality and exemplary safety standards of STIHL products.

## INTRODUCTION

### 1 **iMOW® ROBOTIC MOWERS** FROM PAGE 6

### 2 **LITHIUM-ION BATTERY TOOLS** FROM PAGE 10

### 3 **ELECTRIC TOOLS** FROM PAGE 38

# THE PERFECT LAWN. WITH INTELLIGENT MOWING.

08 — iMOW® ROBOTIC MOWERS

# iMOW® ROBOTIC MOWERS

## LAWN CARE MADE EASY.

Devote “mow” energy to what really matters.

Once installed and programmed, your robotic mower will keep the lawn beautifully manicured and healthy while you enjoy time with friends, family and favourite hobbies.

Visit [www.stihldealers.ca](http://www.stihldealers.ca) to find the iMow® Dealer nearest you.

### 01 QUIET

At only 60 dB, iMow® is so quiet that it can be programmed to operate at any time of day or even night, without disturbing you or your neighbours.

### 02 INTELLIGENT

Set a weekly mowing schedule that works for you to maintain your lawn. iMow® will adjust its charge time based on the schedule you set. In addition, a series of adjustable sensors allows iMow® to be customized for every environment.

### 03 GREEN

Using iMow® will enhance the health of your lawn. Unlike a traditional lawn mower, iMow® cuts a small part of the plant. These fine clippings eliminate the need for cleaning and feeding your lawn. The end result is the need for less fertilizer and irrigation.

### 04 CLEAN

Drawing very little power, the docking station can intelligently manage charge intensity to prolong the service life of the lithium-ion battery.

## NOW CONNECTED!

Use the mobile app (iOS or Android) to control and monitor your robotic mower any time, anywhere. Visit [www.stihl.ca/iMow](http://www.stihl.ca/iMow) to learn more.

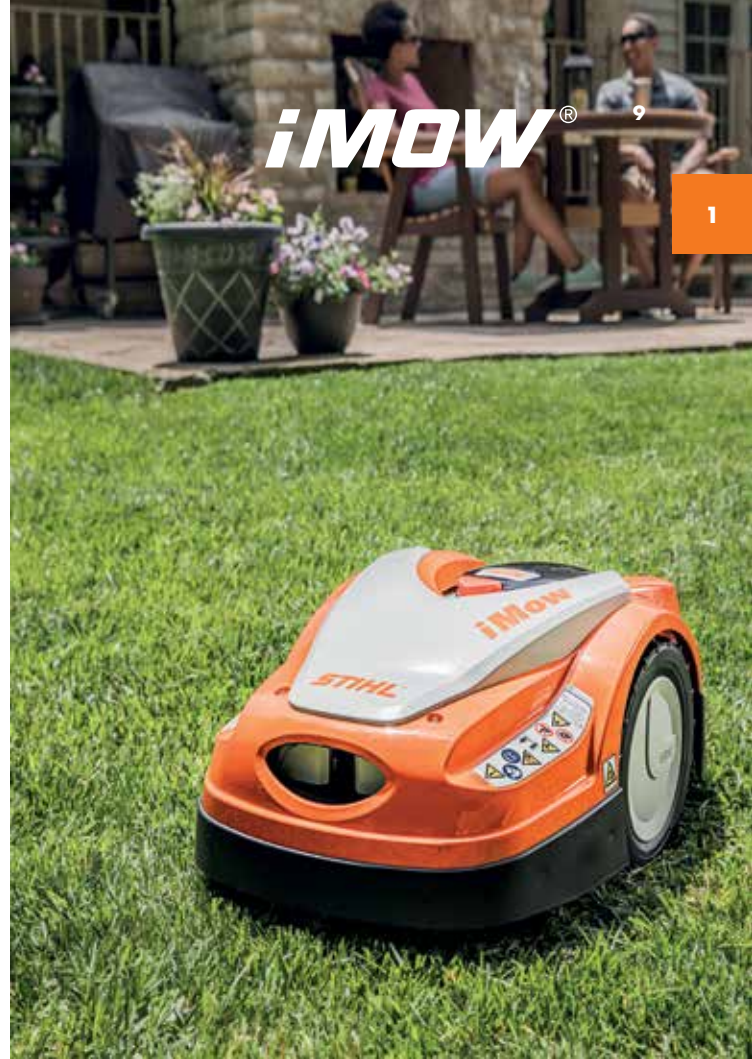

### FOR THE AVERAGE CITY HOME

MODEL	RMI 422 PC
CUTTING HEIGHT	0.8 - 2.4"
CUTTING WIDTH	7.8"
MAXIMUM GRADE (SLOPE)	40%/22°
POWER CABLE LENGTH	32'
MAXIMUM MOWING AREA RMI 422.2 PC	18,000 SQ FT

### FOR THE AVERAGE CITY HOME

MODEL	RMI 522 C
CUTTING HEIGHT	0.8 - 2.4"
CUTTING WIDTH	7.8"

## WHY BUY STIHL BATTERY TOOLS?

### REAL POWER

All STIHL battery tools are driven by powerful lithium-ion cells built to our strict standards. STIHL's world class engineering combines these cells with proprietary intelligence to maximize power across our wide range of tools.

### TRUE PERFORMANCE

STIHL's Battery Management System (BMS) ensures ultimate performance is delivered based on your task. Cells are constantly monitored to ensure amperage and voltage are managed to maintain peak watts. Logic is communicated between a battery and the tool it is powering, allowing a tailored release of energy to get the job done.

### ULTIMATE DURABILITY

STIHL batteries are engineered with safety and durability in mind. Our engineering includes technology to protect from damage due to deep discharging and/or overheating that could be caused during operation or charging. An investment in a STIHL battery system will provide years of reliability, and our dedication to providing maintenance and repair parts ensures a minimal impact to the environment.

### VOLTS ONLY TELL HALF THE STORY

STIHL lithium-ion batteries feature advanced construction and innovative engineering to maximize runtime (watt-hours). Simply put, more watt hours mean longer runtimes, allowing you to finish more work on a single charge.

### AS SYSTEM COMPACT TOOLS

STIHL AS System tools are small, easy-to-handle and make the actual work easier to accomplish with a bit more fun. Despite their compact size, the AS System battery tools are surprisingly powerful. The ingenious design of a small battery-powered tool makes everything run smoother, faster and easier.

### AI LINE FOR SMALL YARD JOBS

STIHL 18 V lithium-ion battery tools will give you precisely the performance you need for keeping your favourite place looking its best. The lithium-ion batteries ensure fast, straightforward handling and provide the right amount of power, making small jobs on your property or in your backyard easy to complete.

### AK SYSTEM FOR DEMANDING HOMEOWNERS

Your yard is your own personal project and the tools you use here need to meet high demands. They need plenty of power, while being easy-to-use. The STIHL lithium-ion battery tools with 36 V removable batteries offer you precisely this combination. With a flexible range of tools - all offering the usual STIHL quality - you will be ready for any challenge.

## AP SYSTEM

### FOR PROFESSIONAL APPLICATIONS

Maximum power and battery life combined with outstanding performance and durability are essential for pros and perfect for noise-sensitive situations. STIHL offers a wide selection of products for professional use in the AP System lithium-ion battery tool range.

# AS SYSTEM

STIHL AS System tools are small, easy-to-handle and make the actual work a bit more fun. Despite their compact size, the HSA 26, SEA 20 and the GTA 26 are surprisingly powerful. The ingenious design and the general advantages of a small battery powered tool make everything run smoother, faster and easier.

**Battery Power. Made by STIHL.**

## HSA 26

Avid gardeners and nurseries will reap the benefits of the HSA 26 battery shrub shears. Powered by a 10.8 V rechargeable battery, it provides enough energy to run 110 minutes. Designed with an ergonomically shaped control handle that's perfectly balanced so that users have full control of the HSA 26. The charge status indicator with LED light advises the remaining battery capacity at any time. Equipped with a shrub cutter to trim and maintain small evergreen hedges and ornamental trees, as well as a grass trimmer for cutting grass around the garden and patio edges. Excellent cutting performance with dual cutting blades. The HSA 26 can be safely stored and transported in the carrying bag that is supplied.

### SPECIFICATIONS

RATED VOLTAGE	10.8 V
GRASS BLADE LENGTH	4.7"
SHRUB BLADE LENGTH	7.9"
WEIGHT ①	1.6 LB

**NEW**

## SEA 20

The NEW SEA 20 is a cordless hand vacuum used for cleaning smaller dry areas in the garage, workshop or car. This unit features a removable collection container for easy emptying and cleaning as well as a crevice and universal nozzle with a removable bristle attachment for a range of applications. The locking mechanism enables continuous operation without needing to keep the control lever pressed down. The charge level of the AS 2 battery can be viewed on the LED display at the press of a button.

### SPECIFICATIONS

RATED VOLTAGE	10.8 V
CONTAINER CAPACITY	0.75 L
WEIGHT ①	2.4 LB

① WEIGHT WITHOUT BATTERY.

## GTA 26

**ASIII**

Don't be fooled by its compactness. Whether pruning trees and shrubs, reducing plant cuttings to small pieces or timber based construction, the GTA 26 offers impressive high cutting performance, quiet operation, excellent ergonomics and a long battery life - thanks to the 10.8 V AS 2 replacement battery.

### SPECIFICATIONS

RATED VOLTAGE	10.8 V
CUTTING BAR LENGTH	3.9"
WEIGHT ①	2.6 LB

## GTA 26 HOLSTER

The GTA 26 Holster is the ideal companion to STIHL's popular GTA 26 Pruning Saw. With an adjustable leg strap, reinforced back panel and buttoned fastener strap, the holster keeps the GTA 26 securely fastened and conveniently accessible when needed.

**GA01 490 1700**

# AI LINE

STIHL AI lithium-ion battery tools will give you precisely the performance you need for keeping your favourite place looking its best. The batteries ensure fast, straightforward handling and provide the right amount of power, making small, spur-of-the-moment jobs around your yard even easier to complete.

**Battery Power. Made by STIHL.**

## BGA 45

The BGA 45 is a lightweight battery blower great for cleaning small outdoor areas. This unit comes with a round nozzle and an integrated 18 V lithium-ion battery with charge level indicator.

### SPECIFICATIONS

RATED VOLTAGE	18 V
AIR VOLUME	235 CFM
SOUND LEVEL	60 DB(A)
MAXIMUM AIR VELOCITY	98 MPH
WEIGHT ③	4.5 LB

## HSA 45

The lightweight HSA 45 battery hedge trimmer has great cutting performance for trimming shrubs and bushes in the yard. This model comes with a double-sided cutter blade, screw-on tip protector and an integrated 18 V lithium-ion battery with charge level indicator.

### SPECIFICATIONS

RATED VOLTAGE	18 V
CUTTING BAR LENGTH	20"
WEIGHT ③	5.1 LB

③ INTEGRATED BATTERY.

# FSA 45

The FSA 45 compact battery trimmer is perfect for simple trimming work around the home and yard. This unit comes with an integrated 18 V lithium-ion battery with charge level indicator and the extendable shaft suits taller and shorter operators and can be swiveled to function as an edger.

SPECIFICATIONS	
RATED VOLTAGE	18 V
CUTTING HEAD	STIHL POLY-CUT™ 2-2
WEIGHT ③	5.1 LB

# AK SYSTEM

Your yard is your own very personal project, and the tools you use here need to meet high demands. They need plenty of power, while also being easy-to-use. The STIHL lithium-ion battery tools with AK replacement batteries offer you precisely this combination. With a flexible range of tools – all offering the usual STIHL quality – you will be ready for any challenge.

**Battery Power. Made by STIHL.**

## RMA 460

The RMA 460 battery-powered lawn mower has a 19" cutting deck and three mowing options including mulch, side discharge and rear bag. The RMA 460 can be powered with the AK 20 or AK 30 battery. This unit features an ECO mode to conserve power and has an extra storage slot for a spare battery.

### SPECIFICATIONS

DECK WIDTH	19"
REQUIRED BATTERY	AK 20 OR AK 30
WEIGHT ①	57.3 LB

## RMA 460 V

Part of the AK battery series, the RMA 460 self-propelled lawn mower comes with all the same features as the walk behind version of the RMA 460 but includes a variable speed transmission.

### SPECIFICATIONS

DECK WIDTH	19"
REQUIRED BATTERY	AK 20 OR AK 30
WEIGHT ①	59.5 LB

① WEIGHT WITHOUT BATTERY.

## BGA 57

The BGA 57 is an ergonomically balanced, lightweight battery blower designed to complete projects with comfort and ease. This unit comes with a round nozzle, soft handle and an adjustable blower tube, which is great for achieving optimum blowing force while in use.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 20</b>
INCLUDED CHARGER	<b>AL 101</b>
AIR VOLUME	<b>365 CFM</b>
MAXIMUM AIR VELOCITY	<b>123 MPH</b>
WEIGHT ①	<b>4.9 LB</b>

**NEW**

## BGA 60

The NEW BGA 60 is the most powerful cordless blower in the STIHL AK-System. Ideal for gathering leaves and other waste into piles. Variable blowing power adjustment with additional Boost mode for up to 60 % more blowing power than the BGA 57. Packed with a powerful and durable EC engine, round nozzle and an adjustable blower tube length equipped with a metal ring to protect against wear.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 30</b>
INCLUDED CHARGER	<b>AL 101</b>
AIR VOLUME	<b>459 CFM</b>
MAXIMUM AIR VELOCITY	<b>154 MPH</b>
WEIGHT ①	<b>5.1 LB</b>

## MSA 120 C-BQ

The MSA 120 C-BQ is a lightweight battery chain saw for grounds maintenance and smaller jobs. Features STIHL's tool-less Quick Chain Adjuster and STIHL's Quickstop® 'Super' chain brake for improved safety.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 20</b>
INCLUDED CHARGER	<b>AL 101</b>
BAR LENGTHS	<b>12"</b>
WEIGHT ①	<b>5.5 LB</b>

## MSA 140 C-BQ

Lightweight battery chain saw for grounds maintenance. In addition to the convenient and safety features of the MSA 120 C-BQ, the more powerful motor offers 25% higher performance.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 30</b>
INCLUDED CHARGER	<b>AL 101</b>
BAR LENGTHS	<b>12"</b>
WEIGHT ①	<b>5.7 LB</b>

## FSA 57

The FSA 57 is a lightweight battery trimmer with great trimming performance. This unit is ergonomic and the shaft length is customizable to user height preference. The working angle of the loop handle is adjustable without the use of tools and the mowing line will automatically advance when the mowing head is tapped on the ground.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 10</b>
INCLUDED CHARGER	<b>AL 101</b>
WEIGHT ①	<b>5.7 LB</b>

## HTA 50

Lightweight cordless pole pruner with high cutting performance for tree maintenance work of all types. Includes convenient side-mounted chain tensioning, for easy removal of cuttings from the tree and detachable shaft for easy transport and space-saving storage. Optional shaft extension (LA02 820 5000).

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
OVERALL LENGTH	<b>110.2"</b>
WEIGHT ①	<b>8.6 LB</b>

## FSA 60

Battery trimmer for lawn and lawn edge maintenance. The FSA 60 has increased power and a more durable motor compared to the FSA 57. This unit also features a ergonomic control handle with infinitely variable speed control, loop handle, and sturdy aluminium shaft.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 20</b>
INCLUDED CHARGER	<b>AL 101</b>
CUTTING HEAD	<b>AUTOCUT® C 6-2</b>
WEIGHT ①	<b>6.8 LB</b>

## HLA 56

The HLA 56 lightweight lithium-ion long-reach hedge trimmer for cutting taller hedges and shrubs around the home. This unit has an adjustable blade angle from -45° to +90°. Keep in mind the shaft is detachable for easy transportation and storage. (Optional extension available HA01 820 5000)

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 20</b>
INCLUDED CHARGER	<b>AL 101</b>
CUTTING HEAD	<b>18"</b>
WEIGHT ①	<b>8.4 LB</b>

① WEIGHT WITHOUT BATTERY.

## HSA 56

The HSA 56 is a lightweight battery hedge trimmer with great cutting performance for projects around the home. This unit comes with a special double-sided cutter designed with integrated cut protection and blade-tip sheath.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 10</b>
INCLUDED CHARGER	<b>AL 101</b>
CUTTING BAR LENGTH	<b>18"</b>
WEIGHT ①	<b>6.4 LB</b>

**NEW**

## HSA 60

The NEW HSA 60 cordless hedge trimmer has a more powerful motor for demanding applications. Featuring laser-cut, diamond-ground and hardened blades. These blades are designed in a patented teardrop shape for perfect cuts and a healthy hedge. The HSA 60 has a rotatable multi-function handle and anti-vibration system. The EC engine provides constant output and long service life. The HSA 60 includes a blade tip protector to prevent wear when working near the ground or along walls.

### SPECIFICATIONS

RATED VOLTAGE	<b>36 V</b>
INCLUDED BATTERY	<b>AK 10</b>
INCLUDED CHARGER	<b>AL 101</b>
CUTTING BAR LENGTH	<b>24"</b>
WEIGHT ①	<b>7.7 LB</b>

Recommended battery ① Charging times in minutes up to 80% capacity/100% capacity

Reduced tool performance ② The battery life times and battery ranges are estimates and can vary depending on how the tool is being used and what is being cut.

# AP SYSTEM

When you're working, maximum power and battery life combined with outstanding performance are essential. A professional battery tool is vital – and not just in noise-sensitive situations. STIHL offers a wide selection of products for professional needs in the professional STIHL lithium-ion battery tool range.

**Battery Power. Made by STIHL.**

## RMA 510

STIHL's RMA 510 battery lawn mower is great for working on large lawns. This unit features a 7-level cut height adjustment, 21" deck and the convenience of side ejection, bagging or mulching. This unit features an ECO mode and holds two AP batteries, one while in use and one for storage.

### SPECIFICATIONS

DECK WIDTH	21"
REQUIRED BATTERY	AP SYSTEM
WEIGHT ①	61.7 LB

## RMA 510 V

The RMA 510 V battery lawn mower is the self-propelled version of the RMA 510 lawn mower and comes with all the same features. The drive mechanism offers the convenience of variable speed.

### SPECIFICATIONS

DECK WIDTH	21"
REQUIRED BATTERY	AP SYSTEM
WEIGHT ①	63.9 LB

① WEIGHT WITHOUT BATTERY.

## FSA 86

Powerful battery brushcutter designed for mowing in all professional applications. Ergonomic control handle with infinitely variable speed control, loop handle, and sturdy aluminium shaft.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING HEAD	AUTOCUT® C 6-2
WEIGHT ①	7.1 LB

## FSA 90 R

The FSA 90 R professional battery brushcutter is equipped with ECOSPEED to enhance running time and battery performance. Powered by an energy-efficient EC motor, this brushcutter is designed to work long and hard. Get the power and performance you are looking for with the STIHL FSA 90 R lithium-ion brushcutter.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING HEAD	AUTOCUT® 25-2
WEIGHT ①	7.1 LB

## FSA 135 R

The FSA 135 R is the latest brushcutter in our battery-powered line-up. The ergonomic loop handle makes it comfortable to operate and easy-to-manoeuvre, while also providing a three-step speed adjustment with LED light. The metal mesh air filter makes it easy-to-clean, delivers a longer service life and provides optimum motor cooling. The FSA 135 R is approved for a wide selection of cutting attachments.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING HEAD	AUTOCUT® C 26-2
WEIGHT ①	9.2 LB

## FSA 135

Same features as the FSA 135 R, plus the ergonomically designed bike handle.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING HEAD	AUTOCUT® C 26-2
WEIGHT ①	10.8 LB

## MSA 160 C-BQ

The MSA 160 C-BQ powerhouse fulfils even the highest demands for performance and working comfort and is perfect for property maintenance.

### SPECIFICATIONS

RATED VOLTAGE	36 V
BAR LENGTHS	10" & 12"
WEIGHT ①	7.1 LB

## MSA 200 C-BQ

The outstanding cutting power makes the MSA 200 C-BQ the perfect tool for professionals and homeowners. This model features a 20% longer runtime, 15% more power and endurance with 20% more torque, compared to the MSA 160 C-BQ. This chain saw is ready to work.

### SPECIFICATIONS

RATED VOLTAGE	36 V
BAR LENGTHS	10", 12" & 14"
WEIGHT ①	7.2 LB

## MSA 161 T

The convenient MSA 161 T special cordless top handle chain saw sets new standards in the field of professional tree maintenance. Thanks to its weight of 4.6 lb, it facilitates both an ergonomic working position and a high level of agility when the job entails climbing or working from a bucket truck. The MSA 161 T, with state-of-the-art STIHL battery technology, allows quiet and emission-free working at the touch of a button. It is ideal for use in noise-sensitive areas. Top handle chain saws should only be used by trained arborists.

### SPECIFICATIONS

RATED VOLTAGE	36 V
BAR LENGTHS	10" & 12"
WEIGHT ①	4.6 LB

## MSA 220 C-BQ

The MSA 220 C-BQ offers 30% more cutting performance compared to the MSA 200 C-BQ and a bigger cutting diameter by accommodating up to a 16" guide bar. This unit is ideal for landscaping, tree pruning jobs or cutting firewood. Comes with 3/8" STIHL PICCO™ chisel saw chain.

### SPECIFICATIONS

RATED VOLTAGE	36 V
BAR LENGTHS	12", 14" & 16"
WEIGHT ①	7.2 LB

① WEIGHT WITHOUT BATTERY.

## MSA 220 T

The MSA 220 T is the latest chain saw in our AP professional battery-powered line-up. It is lightweight and a powerful choice for all arborists. It is our most powerful top-handle cordless chain saw. It has an EC-motor with 2.1 kW, an LED display and an electronic operating system with push button start. Top handle chain saws should only be used by trained arborists

### SPECIFICATIONS

RATED VOLTAGE	36 V
BAR LENGTHS	14" & 16"
WEIGHT ①	6.0 LB

## HSA 66

The HSA 66 is a lightweight powerhouse. The energy-efficient design also features optimized blade geometry and diamond-ground blade edges for clean cuts.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING BAR LENGTH	20"
WEIGHT ①	7.1 LB

## MSA 300

The MSA 300 is the most powerful battery chain saw for professional applications. High performance with three operating modes enables optimum work across a huge range of applications. Highly ergonomic in use even during longer periods of work, thanks to a narrow, nimble design, optimal balance a STIHL anti-vibration system and infinitely variable speed control.

### SPECIFICATIONS

RATED VOLTAGE	36 V
BAR LENGTHS	16", 18" & 20"
WEIGHT ①	9.9 LB

NEW

## HSA 100

The HSA 100 hedge trimmer is the perfect tool for use in noise-sensitive areas. A rotatable rear handle, anti-vibration system and high performance EC motor make this a perfect choice for professionals.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING BAR LENGTH	24"
WEIGHT ①	7.9 LB

**BGA 86**

The BGA 86 is a powerful portable cordless blower that is easy-to-operate. Air stream and blowing intensity can be adjusted in infinite variables using the convenient switch lever. Leaves, cuttings and waste are cleaned quietly and powerfully from all surfaces in an instant.

**SPECIFICATIONS**

RATED VOLTAGE	36 V
AIR VOLUME	459 CFM
MAXIMUM AIR VELOCITY	154 MPH
WEIGHT ①	6.2 LB

**SGA 85**

Powerful battery sprayer for the application of liquid pesticides and fertilizers. The SGA 85 is a high-performance backpack sprayer thanks to a powerful diaphragm pump with 6 bar of operating pressure. Featuring an adjustable hollow cone nozzle, infinitely variable pressure adjustment and a large opening for easy fillings.

**SPECIFICATIONS**

RATED VOLTAGE	36 V
TANK CAPACITY	17 L
WEIGHT ①	13.7 LB

① WEIGHT WITHOUT BATTERY.

**HTA 86**

Powerful cordless pole pruner. Quiet and low-vibration. For professional use in tree maintenance, orchards and urban forests. Includes a sturdy branch hook for easy removal of loose cuttings from the tree.

SPECIFICATIONS	
RATED VOLTAGE	36 V
OVERALL LENGTH	105.6-153.6"
WEIGHT ①	9.9 LB

NEW

**HTA 135**

The most powerful STIHL battery pole pruner. This unit features the 1/4" PM3 saw chain, a lightweight magnesium transmission and a sturdy branch hook for easy removal of loose tree cuttings. The telescopic shaft with rapid adjustment is easy to operate.

SPECIFICATIONS	
RATED VOLTAGE	36 V
OVERALL LENGTH	112-159"
WEIGHT ①	14.6 LB

## HLA 66

Lightweight battery long-reach hedge trimmer for pruning hedges and shrubs. The cutter bar can be adjusted through 115° without the use of tools. Double-sided cutting blade provides a clean cutting pattern.

SPECIFICATIONS	
RATED VOLTAGE	36 V
OVERALL LENGTH	79.1"
WEIGHT ①	7.7 LB

## HLA 86

Telescopic long-reach battery hedge trimmer for professional use. Double-sided cutting plate for a clean cutting pattern, infinitely variable speed control, and intuitive control handle.

SPECIFICATIONS	
RATED VOLTAGE	36 V
OVERALL LENGTH	128.7"
WEIGHT ①	9.7 LB

① WEIGHT WITHOUT BATTERY.

## HLA 135

This long-reach professional lithium-ion hedge trimmer features a brushless EC motor and comes equipped with an adjustable 20" double-sided cutter bar. This unit provides variable ergonomic working positions with minimal vibrations, making it easy-to-operate and its ultra-quiet motor makes it the perfect tool for operating in noise-sensitive areas. Another innovative product from STIHL.

SPECIFICATIONS	
RATED VOLTAGE	36 V
OVERALL LENGTH	97"
WEIGHT ①	12.3 LB

## KMA 135 R

The KMA 135 R battery-powered KombiEngine is a versatile tool. The use of one powerhead with 14 separate attachments permits more storage space and less maintenance. The KMA 135 R is lightweight, emission-free and quiet. The KMA 135 R features a brushless motor and provides the performance that landscapers and groundskeepers demand. Built with three power settings to offer the ideal power required for a task, while conserving battery energy and longer battery runtimes.

SPECIFICATIONS	
RATED VOLTAGE	36 V
POWERHEAD WEIGHT ①	6.8 LB

## TSA 230

The TSA 230 STIHL Cutquik® is the world's first battery-powered cut-off machine. The 9" cutting wheel and emission-free cordless technology ensure clean work both indoors and outdoors. Its light and compact design with ergonomic handle allow for ease-of-use and comfortable operation. This unit comes equipped with a quick coupling water connection. An optional depth limiter/vacuum attachment is available to ensure effective dust control when cutting. This machine is the new favourite tool for construction and renovation projects.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING WHEEL DIAMETER	9"
MAXIMUM DUTTING DEPTH	2.75"
WEIGHT ④	8.6 LB

④ WEIGHT WITHOUT BATTERY AND CUTTING WHEEL.

## TSA 230 ACCESSORIES

### COMPOSITE ABRASIVE WHEEL 9"/230 MM

9" (230 mm) abrasive wheel for the TSA 230 is perfect for cutting and grinding steel.

0835 012 7000

### B10 DIAMOND WHEEL 9"/230 MM

9" cutting wheel for the TSA 230 is perfect for cutting concrete and stone.

0835 090 7034

### X100 DIAMOND WHEEL 9"/230 MM

Extremely fast, 9" multi-purpose diamond wheel for cutting brick, concrete, granite and ductile cast iron pipes. Extremely robust, temperature-resistant composition. Suitable for cutting construction steel up to 10 mm thick.

0835 092 7000

### VACUUM DEPTH LIMITER

For dry cutting; vacuum port allows fine particles to be suctioned away while working, depth gauge precisely controls cut penetration. Needs to be connected to vacuum unit.

Recommended battery

① Charging times in minutes up to 80% capacity/100% capacity

② The battery life times and battery ranges are estimates and can vary depending on how the tool is being used and what is being cut.

③ Level 1 / Level 2 / Level 3 / Level 4

④ The battery working times and area specifications for each battery charge are estimates and may vary depending on application.

Reduced tool performance

# AR BACKPACK SYSTEM

## RMA 765 V

The NEW professional RMA 765 cordless lawn mower is great for regular care of lawns in particularly noise-sensitive areas. Featuring a 25" cutting width, a 2-blade flow-optimised mowing unit, cut-height adjustment and electric Vario wheel drive. This professional lawn mower has a 80-litre grass catcher box with a fill-level indicator.

SPECIFICATIONS	
RATED VOLTAGE	36 V
DECK WIDTH	25"
REQUIRED BATTERY	AP SYSTEM
WEIGHT ①	92.6 LB

## BGA 100

The BGA 100 is a quiet, lightweight and highly powerful cordless blower for professional use. It features a round nozzle, rubberised two-component handle, three power settings with boost function, fully adjustable blower tube length and a mounting ring for hip pad. This unit requires an additional purchase of any AP battery carrying system or an AR backpack battery.

### SPECIFICATIONS

RATED VOLTAGE	36 V
AIR VOLUME	494 CFM
MAXIMUM AIR VELOCITY	168 MPH
WEIGHT ①	5.5 LB

## BGA 200

Landscapers, municipalities and cleaning contractors will be amazed by the power and efficiency of the BGA 200 battery blower. Removing leaves, grass cuttings and all types of debris can quickly and easily be done with the high blowing force and high air speed of the BGA 200. This unit requires an additional purchase of any AP battery carrying system or an AP backpack battery.

### SPECIFICATIONS

RATED VOLTAGE	36 V
AIR VOLUME	553 CFM
MAXIMUM AIR VELOCITY	187 MPH
WEIGHT ①	7.0 LB

① WEIGHT WITHOUT BATTERY.

## BGA 300

Landscape contractors and municipalities will be amazed by the power and efficiency of the NEW BGA 300 battery blower. This unit is equipped with STIHL's new Noise Reduction System that reduces loudness and improves sound quality, a throttle lock (cruise control), premium shoulder straps and hip belt for amazing comfort. The blower tube length can be adjusted at the touch of a button.

### SPECIFICATIONS

RATED VOLTAGE	36 V
AIR VOLUME	571 CFM
MAXIMUM AIR VELOCITY	191 MPH
WEIGHT ①	16.3 LB

## HSA 94 T

The HSA 94 T is a high-performance and durable professional battery hedge trimmer with high blade speed for precise cuts. A rotating multifunction handle with three stroke rate settings and double-sided cutting blade ensure clean, efficient results. This unit requires an additional purchase of any AP battery carrying system or an AR backpack battery.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING BAR LENGTHS	24"
WEIGHT ①	8.2 LB

## FSA 130 R

The FSA 130 R is a powerful and lightweight battery brushcutter. This professional series unit comes with a single strap harness and AutoCut® mowing head. It also features a self-reset locking lever and LED display with 3 speed settings. This unit requires an additional purchase of any AP battery carrying system or an AR backpack battery.

### SPECIFICATIONS

RATED VOLTAGE	36 V
CUTTING HEAD	AUTOCUT® 25-2
WEIGHT ①	8.6 LB

## KMA 130 R

The KMA 130 R is the other lithium-ion battery version of STIHL's versatile KombiSystem line-up. The KMA 130 R features a commercial grade brushless motor for optimal performance and durability. This unit requires an additional purchase of any AP battery carrying system or an AR backpack battery. This tool can run 14 different attachments.

### SPECIFICATIONS

RATED VOLTAGE	36 V
POWERHEAD WEIGHT ①	7.0 LB

## BGA 200 CARRYING SYSTEM

The Comfort Carrying System by STIHL is used in conjunction with the powerful BGA 200 battery blower. The system allows the blower to be mounted to the backpack battery belt, cutting down on user fatigue and making the clearing of large areas much easier. The configuration also enables the user to change quickly from mounted to handheld mode, thus making the system flexible and easy-to-use. It is compatible with the AR 1000, AR 3000 and AR 2000L backpack batteries.

# BATTERIES AND CHARGERS

## CHARGERS

**AL 1** - Enables fast charging of the AS 2 battery.

**AL 101** - Standard charger with operating mode indicator. This unit can charge all your AK and AP batteries.

**AL 301** - High capacity quick charger with operating mode indicator and integral air cooling. This unit can charge all your STIHL AK, AP and AR batteries.

**AL 500** - Premium battery charger provides optimal charging times with active cooling and high charging current for very quick charging of the STIHL AK, AP and AR batteries.

**AL 301-4 MULTI CHARGER** - Multiple battery charger for sequential charging of up to four AP batteries or AR batteries with an AR connecting cable and AP adapter. Can be secured either to the wall or on a shelf, or permanently installed in a vehicle. Energy supply via an external feed.

## BATTERIES

**AS 2**

The AS 2 is a powerful 10.8 V battery with 28 Wh energy content. A removable battery that can be used with the HSA 26, SEA 20 and GTA 26.

**AK 10 | AK 20 | AK 30**

**AP 200 | AP 300 | AP 300 S**

STIHL batteries are based on 36-volt battery-powered technology, offering both performance and longevity. They're also custom engineered by STIHL to include a host of advanced features, including LED charge indicator lights, specialized voltage monitors and temperature sensors to help ensure optimal operation and long service life. Even after 500+ charges, STIHL batteries retain over 80% capacity. And speaking of charging, STIHL battery chargers will automatically switch off once your battery is fully charged.

**AP 500 S**

Powerful battery for professionals - the NEW AP 500 S is not only the most powerful AP battery from STIHL, but also features double the service life and twice as many possible charging cycles as the AP 300.

### AR 2000 L AND AR 3000 L

STIHL has your back with our backpack lithium-ion batteries with large capacity for longer running times. Sturdy housing with base and charge level indicator, comfortable and ergonomic harness with integrated carry handle. The comfortable shoulder straps help distribute the weight evenly. Both units come with a rain protection cover.

# ELECTRIC TRIMMER

## FSE 60

Ergonomic electric grass trimmer. Well balanced and equipped with STIHL's innovative cord keeper and easy-load AutoCut® C 6-2 trimmer head.

### SPECIFICATIONS

RATED VOLTAGE	120 V
POWER OUTPUT	0.6 KW
WEIGHT ②	8.8 LB

② WEIGHT WITHOUT CUTTING ATTACHMENT OR DEFLECTOR.

### EASYSPOOL™

The EasySpool™ cutting head reloads line by simply inserting line into eyelets and turning the knob. Standard on the FSA 57, 60, 86, 135, 135 R, FSE 60, FS 38, 40, 50, 70 - 240.

### LEARN MORE ABOUT ALTERNATIVE POWER FROM STIHL

See STIHL's lithium-ion battery tool line-up starting on page 6.

# ELECTRIC HEDGE TRIMMERS

When you need fast, convenient hedge trimming and don't want to hassle with fuel mixing or starting procedures, turn to the instant starting and portability of STIHL electric hedge trimmers. They feature a powerful electric motor that is also quiet and lightweight.

## HSE 52

The HSE 52 electric model comes with a 20" double-sided blade and a heavy duty gear box that provides a fast blade speed for all applications around the yard.

### HSE 52 - 20"

#### SPECIFICATIONS

RATED VOLTAGE	120 V
POWER OUTPUT	0.46 KW
WEIGHT	6.8 LB

## HSE 70

STIHL's electric hedge trimmer features reciprocating double-sided blades. The lightweight and high-torque electric motor has the power to get the job done while being quiet enough for neighbourhood use.

### HSE 70 - 24"

#### SPECIFICATIONS

RATED VOLTAGE	120 V
POWER OUTPUT	0.5 KW
WEIGHT	9.3 LB

## HSA 66

### LEARN MORE ABOUT ALTERNATIVE POWER FROM STIHL

See STIHL's lithium-ion battery tool line-up starting on page 6.

# ELECTRIC HANDHELD BLOWERS & SHREDDER VACS

STIHL electric leaf blowers give you a fast and convenient way to clear your walkways. Just plug in and flip the switch. No fuel mixing, no exhaust emissions and no heavy engine to weigh you down.

## BGE 61 & BGE 71

Lightweight, high-powered electric units. Features the same convenient cord-keeper system as our electric trimmer. Has a two-year homeowner warranty. The BGE 71 features a dual speed motor and can also be used as a vacuum with optional attachment. Optional vacuum and gutter kits are available.

SPECIFICATIONS	BGE 61	BGE 71
RATED VOLTAGE	120 V	120 V
POWER OUTPUT	1.1 KW	1.1 KW
AIR VOLUME AT NOZZLE (with round nozzle)	285 CFM	285 CFM
WEIGHT	6.8 LB	6.8 LB

## BGE 71 VAC

The BGE 71 Vac is a low-noise, electric blower/vacuum affording you the versatility of blowing and collecting material in one machine. An ideal tool for the homeowner.

SPECIFICATIONS	
RATED VOLTAGE	120 V
POWER OUTPUT	1.1 KW
AIR VOLUME AT NOZZLE (with round nozzle)	285 CFM
WEIGHT	9.0 LB

# ELECTRIC WET/DRY VACUUMS

## SE 33

The SE 33 entry level vacuum is made for cleaning both dry and wet surfaces close to home. It features strong suction power, optimized storage of accessories directly on the device, easy handling with rotating front wheels and flexible changing between wet and dry vacuuming through its reversible floor nozzle. Additional features can be expanded with the same accessories as the SE 62.

### SPECIFICATIONS

VOLTAGE	120 V
POWER OUTPUT	1,000 W
WEIGHT	11.7 LB

## SE 62

This wet/dry vacuum provides the strong suction power to tackle a variety of everyday tasks around your home or shop quickly, efficiently and quietly. A high-efficiency filter and cleaning system requires less maintenance, less down time, and less clean-up, so you'll save time and money. The universal swivel, wet/dry head allows you to easily clean a wet or dry surface with ease. The 16' electrical cord and 8' suction hose make this vacuum easy to handle, allowing you to accomplish more with less effort. The aluminum tube is more durable than plastic tubes and the on-board accessory storage keeps all the attachments handy for any job.

### SPECIFICATIONS

VOLTAGE	120 V
POWER OUTPUT	1,000 W
WEIGHT	16.5 LB

## SE 122

This extremely quiet wet/dry vacuum delivers superior suction power to quickly and efficiently complete the toughest tasks without disturbing those around you. The 10' suction hose and 25' electrical cord, along with pivoting front casters, makes this vacuum easy to use and manoeuvre, resulting in less fatigue. On-board storage for all standard accessories makes it easy to store. A high-efficiency filter and cleaning system means less maintenance, less down time and less clean-up. The stainless steel vacuum tube is more durable than plastic tubes. The foot-activated depth control and universal wet/dry suction head allow you to easily switch from one surface type to another without stopping.

### SPECIFICATIONS

VOLTAGE	120 V
POWER OUTPUT	1,000 W
WEIGHT	22.0 LB

# ELECTRIC PRESSURE WASHERS

Need to spruce up the outside of your home but confused on where to start? Start cleaning with an electric pressure washer from STIHL. These powerful, yet affordably priced, pressure washers offer the cleaning power to effectively clean sidewalks, decks, driveways and more. With an assortment of optional attachments and cleaners, you can customize – and optimize – your cleaning experience.

## RE 80

The RE 80 is a lightweight, compact entry-level electric pressure washer with hard-wearing aluminum high-pressure pump, rotary nozzle, adjustable fan jet nozzle and cleaning agent spray set. It is compact in design and has secure storage for accessories directly on the high-pressure cleaner. Additionally, this unit has a quick-release coupling to easily connect a high-pressure hose to the high-pressure cleaner and lance.

### SPECIFICATIONS

VOLTAGE	<b>120 V</b>
MAXIMUM PRESSURE	<b>1,450 PSI</b>
POWER CONSUMPTION	<b>1.5 KW</b>
WEIGHT	<b>15.4 LB</b>
MAXIMUM FLOW RATE	<b>430 L/HR</b>

## RE 90

Lightweight and compact high-pressure washer with extensive features. Aluminium pump head, integrated wheel kit, cleaning agent spray set, rotary nozzle, adjustable fan jet nozzle with pressure regulation, anti-drill quick-release coupling on the trigger, park position for switching off the sprayer when taking breaks, 6 m high-pressure hose and transport handle.

### SPECIFICATIONS

VOLTAGE	<b>120 V</b>
MAXIMUM PRESSURE	<b>1,450 PSI</b>
POWER CONSUMPTION	<b>1.5 KW</b>
WEIGHT	<b>17.6 LB</b>
MAXIMUM FLOW RATE	<b>440 L/HR</b>

**NEW****RE 90 PLUS**

Same great features as the RE 90, plus the additional hose reel for particularly easy handling and storage of the high-pressure hose.

**SPECIFICATIONS**

VOLTAGE	<b>120 V</b>
MAXIMUM PRESSURE	<b>1,450 PSI</b>
POWER CONSUMPTION	<b>1.5 KW</b>
WEIGHT	<b>19.8 LB</b>
MAXIMUM FLOW RATE	<b>440 L/HR</b>

**RE 130 PLUS**

Powerful pressure washer with exceptional comfort. Aluminium pump head, brushless induction motor, integrated wheel kit, adjustable cleaning agent spray set, rotary nozzle, adjustable fan jet nozzle with pressure regulation, anti-drill quick-release coupling on the trigger and tool, park position for switching off the sprayer when taking breaks, sturdy and durable 9 m steel-reinforced high-pressure hose, hose reel, reinforced transport handle, particularly long sprayer with soft handle for convenient operation, aluminium telescopic handle, storage compartment on the side with integrated nozzle and power cable storage.

**SPECIFICATIONS**

VOLTAGE	<b>120 V</b>
MAXIMUM PRESSURE	<b>2,030 PSI</b>
POWER CONSUMPTION	<b>1.4 KW</b>
WEIGHT	<b>46.7 LB</b>

**Note:** Specifications are as of January 1, 2023.

For most recent updates, visit [www.stihl.ca](http://www.stihl.ca). Models and specifications are subject to change without notice. Manufacturer reserves the right to change appearance, function and components of any STIHL product without prior notice or liability.

**STIHL power tools are high-performance machines which are often subjected to extremely demanding tasks. Maintenance and care, combined with attentive customer service, play a vital role in guaranteeing the machines' operational efficiency and reliability well into the future.**

#### **YOUR STIHL SERVICING DEALER**

With your STIHL Dealer, you can be sure of receiving the best possible support - for everything from advice, to sales and service. The dealership staff will advise you on the most appropriate machines for your requirements, give you useful tips on using the machine correctly and offer you professional service. This gives you the assurance that your STIHL power tool will be a pleasure to use for many years to come.

#### **ORIGINAL STIHL PARTS**

Maximum reliability, even in extreme conditions, is a hallmark of STIHL power tools. If anything should ever go wrong with your STIHL machine, the STIHL service organization has original STIHL parts in stock for you. Always use original STIHL parts to ensure maximum performance, reliability and service life from your STIHL machine. Original STIHL spare parts can be recognized by the STIHL logo or the parts symbol, a stylized S.

#### **STIHL QUALITY CONTROL**

The high standard of STIHL power tools is based on stringent quality standards, in all areas of the company. STIHL thus complies with the international ISO 9001/ISO 14001 standards for total quality and environment management. STIHL is constantly working on enhancing its entire range of machines and that is why we reserve the right to change the scope of delivery with regards to form, technology and configuration.

#### **FOR YOUR SAFETY**

If used incorrectly, all products can be a source of potential danger to the user, onlookers, animals or nearby objects. It is therefore essential to read the entire operator's manual prior to initial use and to take sufficient care when using a STIHL product, while always adhering to the safety instructions. Non-compliance could result in serious injury or death.
